## Notes:

The prices shown here are for the software only. There will be additional charges for consultancy, pre-install, implementation and user-training. Your FinancePlus Authorised Business Partner will quote you for these services based on your specific requirements.

**Software Upgrades** - The annual software maintenance charge provides you with all minor and major software upgrades in a 12 month period.

## Recommended Third Party Software:

**Symantec PC Anywhere** - Required for modem/dial-in support

**Adobe Acrobat Writer** - Required for the emailing of invoices and customer statements within FinancePlus

For other optional software and pricing on the above software, please contact your Authorised FinancePlus Business Partner.

As at February 1, 2002

The above prices are the Recommended Retail Price, are exclusive of any GST payable unless otherwise stated, and can change without notification. E&OE
